Stop Measles In Its Tracks

NewsUSA

Stop measles in its tracks just like you do with your curious explorer.

Put up a wall of protection with safe, proven vaccines. Giving him the recommended immunizations by age two is the best way to protect him from 14 serious childhood diseases, like whooping cough and measles. For more reasons to vaccinate, talk to your child's doctor or go to <http://www.cdc.gov/vaccines> or call 1-800-CDC-INFO.

Immunization. Power to Protect.
