Fujitsu and Make A Wish Partner to Help Make Wishes Come True

NewsUSA

(NU) - Hope is essential for children with critical illnesses, and you can help unlock its life-changing power today.

Parker's wish is to have a rainbow playset, and Jade wishes for a white fluffy puppy. These children and countless others hope to capture your heart and ignite your desire to support the Make-A-Wish mission to grant the wish of every eligible child.

Make-A-Wish is the world's largest wish-granting organization, serving children in nearly 50 countries. With generous donors, supporters, staff and more than 40,000 volunteers around the globe, Make-A-Wish delivers hope and joy to children and their families when they need it most. An integral part of a child's treatment journey, Make-A-Wish has fulfilled the wishes of more than 340,000 children nationwide since its founding in 1980.

There remains a tremendous gap between the number of wishes granted today and the estimated 27,000 children in the United States that are diagnosed with a qualifying condition annually. Together, we can raise the funds necessary to help close that gap.

"Fujitsu is known as a global leader in ductless mini-splits, but we're actually much more," said Matt Peterson, president and COO of Fujitsu General America, Inc. "We also supply VRF, unitary ducted, and commercial rooftops as a full line equipment supplier. But we're also much, much more than that. We support causes that

are near and dear to our hearts. One of them is Make-A-Wish. If you know our culture, supporting children with critical illnesses is a no-brainer to us. It's the right thing to do. We hope you will find a way to join us in this incredible cause as we strive to make the world a better place. Visit fujitsugeneral.com/cares/wishes to learn more about how you can get involved."

There are many ways to support this extraordinary organization that grants wishes that help children replace fear with confidence, anxiety with hope and sadness with joy.

Here are just a few more ways to make a difference:

- Donate monthly to help reach every eligible child and ensure more children re-discover hope when they need it most.

- Fundraising, whether it's through athletic events, lemonade stands or birthday fundraisers, empowers passionate supporters to rally networks in their communities.

- Volunteers are the backbone of making wishes come true. Share your time and talents as a volunteer and transform a child's life.

Research shows children who have wishes granted build the physical and emotional strength needed to fight a critical illness. This can improve their quality of life and produce better health outcomes.

Together we can transform lives, one wish at a time. Visit Wish.org to learn more and see how you can get involved today!
