Airport Parking Service Tames Travel Stress

NewsUSA

(NU) - As travel restrictions ease and vaccination rates rise, many people are eager to resume travel and enjoy a much-needed change of scene. However, one thing hasn't changed, and that is the potential stress of trying to find a parking place at the airport, where wasted time cruising the parking lot could lead to a missed flight. Sky Harbor Airport Parking, has the answer.

Sky Harbor Airport Parking makes parking for your flight easy, safe, and affordable. A shuttle service runs every 5 to 7 minutes from the company's private lot to all terminals at the Phoenix International Airport.

Follow these simple steps for a stress-free start to your trip:

- Book online. Use the Sky Harbor Airport Parking website to enter your departure and return dates, and reserve a space. For frequent fliers, Sky Harbor offers a rewards program and monthly membership options. Corporate discounts are available as well.

- Find your space. When you arrive at Sky Harbor Airport Parking, simply take a ticket when you enter and a friendly team member will direct you on where to park. Uncovered and covered spaces are available, and the lot is well-lit and secured 24/7.

- Take it easy. Once you are parked, a comfortable, safe shuttle van takes you from the lot directly to the terminal. Drivers offer complimentary assistance with luggage and make sure that travelers arrive safely at their terminals for check-in.

When you return from your trip, the process is reversed: the shuttle takes you from the terminal back to your vehicle.

"In addition, at night, our courteous drivers will not leave women customers until they are safely inside their vehicle," according to the company website.

"If any maintenance issues occur (dead battery or flat tire), our experienced drivers will provide assistance and get you on your way."

Sky Harbor Airport Parking aims to go above and beyond in providing customer service.

One satisfied customer, Linda, describes her experience as "the best service for a company I have had in a long time. I left my laptop curbside and they went to great lengths to get it back to me," she says.
